Three Men Steal 50 Suits And 60 Cents in Cash

Each man carried an ice pick and threatened Sugar as they went ahead selecting suits—50 in all.

Then they made Sugar remove his clothing and took 60 cents they found in his pockets.

Sugar told police one thief was a plump size 42, another selected size 40 long-sleeved suits and the third preferred suits in size 36.

U. S. Displays 100-Ton Tank To Use Against West Wall

ABERDEEN, MD. — The army's mightiest secret weapon — a super-heavy tank of nearly 100 tons — went on public view for the first time.

So heavy it runs on double tracks to keep from sinking into the ground, the T-23 was intended for the assault on the German West Wall, but was built too late to fire a hostile shot.

The tank, protected by thick armor and mounting a 105-millimeter gun, is the heaviest vehicle ever built for the ordnance department.

THE OLD JUDGE SAYS...

HENRY: "I've heard that same thing several times lately... that alcoholics are really sick people. It was news to me. Do you agree with that statement, Judge?"

OLD JUDGE: "Yes, it's true, Henry. It's no notion of mine... it's a statement made by scientists who have studied the subject."

HENRY: "What did they find out, Judge?"

OLD JUDGE: "Well, as a result of their medical research, they found out that approximately 95% of the people who drink, drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage known as alcoholics."

HENRY: "But why are they called sick people?"

OLD JUDGE: "Because it has been discovered that, in many cases, excessive drinking is a symptom of some physical or emotional maladjustment... not the cause of it."

HENRY: "Now I understand it, Judge. I am glad to hear of the modern approach to this problem and that so much is really being done to help these folks."

for This... we are Thankful

More than three and a quarter centuries ago, our forefathers came to the vast, trackless wilderness of the New World to seek freedom. They found it... and through sacrifices, hardships and hard work they founded a nation and established the high principles upon which it was to be built.

Since then — through civil strife, world wars, depressions and prosperity, and despite attempts to undermine the American way of life — we have held fast to the principles of our forebears.

We Are Thankful... for the priceless heritage they left us — the freedom to live, speak and worship according to our own choice.
